IMPORTANT NOTICES

PROSPECTIVE BUYERS ARE REQUESTED TO REGISTER WITH THE AUCTIONEERS PRIOR TO SALE, WHEREUPON THEY WILL RECEIVE NUMBERED CARDS TO ASSIST BIDDING AND CASHIERING ARRANGEMENTS.

IF YOU ARE BUYING A PONY FOR ANOTHER PERSON, PLEASE REGISTER IN THAT PERSON'S NAME AND BUY WITH THAT NUMBER TO FACILITATE NECESSARY TRANSFERS – FAILURE TO DO SO WILL INCUR DOUBLE TRANSFER FEES.

IT IS NOT PERMISSIBLE FOR POTENTIAL PURCHASERS TO REMOVE PONIES FROM THEIR PENS WITHOUT THE VENDORS BEING PRESENT

The Society would like all vendors of ponies sold to foreign purchasers to accompany the pony whilst the International Pony Movement Certificate is completed by the Vet. This is in order to reduce any delay should a query arise.

A list of registered potential purchasers will be provided to the SPSBS prior to the start of the sale. This is to benefit the smooth transfer of ownership, in particular those ponies being exported, of ponies sold at this sale. The list will NOT be used for any other purposes and those registering will be protected under the Data Protection Act.

Passports for ponies legally required to have one will be checked at the Society Sale in 2015. Please ensure you contact a 'checker' to have your pony looked at with its passport prior to handing the passport in to the market office. It is the responsibility of the vendor or his/her agent to ensure this is carried out.

George is a golden palomino gelding with an abundance of flowing mane and tail. He has the most fantastic temperament and is very, very quiet. He has been walked out on the roads and is unfazed by traffic and farm machinery. Been handled by children and backed by my youngest daughter. He is easy to catch, tack up, groom, bath, box, travel etc. He has been shown this summer, stood quietly tied to the trailer and behaved impeccably. He lives out all year and can graze good pasture without getting fat or laminitic. He is used to low flying planes, chinnock helicopters and has grazed beside the railway line, so pretty much used to everything. An amazing pony with a fantastic future ahead. Height – 33”. **Photograph in catalogue.** More photos/videos on facebook – Cadno Stud.

Skye is a lovely friendly, easy to do big scopy mare. She has bred a top class foal this year and left empty to either go under saddle as would make a fantastic top class ridden pony (has a big long stride), or to go back in foal next season. Height – 42".

Where it is stated that a mare has been scanned in foal, potential purchasers must be aware that as mares may be scanned from as early as 17 days there is no guarantee that a foal will ultimately be produced. It must be accepted that reabsorption could take place. If a female is shown as a filly, this means she has not yet bred a registered foal.

CONDITIONS OF SALE

1. The highest bidder for each lot shall be the Purchaser and, in the event of any dispute, the Auctioneers shall have absolute discretion either to settle such dispute or to re-offer the lot immediately.
2. No person may advance less at a bid than a sum to be named from time to time by the Auctioneer, nor shall any bidding be retracted. The Auctioneer may, without giving any reason therefor, refuse to accept the bidding of any person or persons.
3. All lots are put up for sale subject to any reserve price placed by the Vendors, who may bid for any lot or lots, and may withdraw any lot or lots, either personally or through the Auctioneer or through any other person, as many times as they respectively may think fit.
4. Each Purchaser shall give his or her name and address in writing (if required) to the Auctioneer at the Sale and pay the full purchase money at the close of the Sale or, if required, the whole or a portion of the purchase money, as the Auctioneer may determine, during the course of the Sale. If any Purchaser fails to comply with any of these conditions the lot or lots in respect of which such failure is made may, if the Auctioneer thinks fit, be put up again and resold. If upon such resale a lower price is obtained for any such lot or lots than was obtained on the first sale the difference in price shall be a debt due from the Purchaser in default upon the first sale.
5. No lot or lots shall be removed from the premises until paid for, but each and every lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk of the respective Purchaser or Purchasers thereof, and shall be removed at the Purchaser's expense after the conclusion of the Sale and taken with all faults or errors of description.
6. The Auctioneers act only as agents for the Vendor(s) and are not responsible for any default by either Vendor(s) or Purchaser. In particular, they shall not be liable to pay the Vendor until payment is received from the Purchaser.
7. No undertaking of the Auctioneers or their employees to take charge of any lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.
8. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. The Auctioneers reserve the right in their sole discretion to refuse payment by cheque.
9. In all cases of transfer the original Purchaser shall be held responsible for the purchase money.
10. The Auctioneer reserves the right to withdraw or divide any lot or to combine any two or more lots at his sole discretion and to sell in such order as he may think fit.
11. The Auctioneers have described the lots to the best of their ability and belief from information furnished by the Vendors who shall be alone responsible for any error or mis-statement, which there may be. The Auctioneers undertake no liability whatever in respect of any faults, deficiencies and errors of any description, oral or printed, nor do they accept responsibility for the authenticity, genuineness, origin, age, condition or quality of any lot and all statements as to these matters whether contained in the catalogue or made orally are statements of opinion only and are not to be taken as being or implying a statement or representation of fact. Any intending Purchaser must satisfy himself by inspection or otherwise as to the correctness of each such statement. The Vendor does not make or give and neither the Auctioneers, nor any person in their employ, have any authority to make or give any representation or warranty in relation to any of the lots without the express instructions of the Vendor(s).
12. The Auctioneers accept no responsibility in connection with the commissioning of their staff to bid for any lots. Reserves and commissions given verbally or by telephone are accepted at the sender's risk and must be confirmed in writing before the Sale.

13. **THIRD PARTY LIABILITY.** All persons on the Auctioneers' premises before, during or after the Sale shall be deemed to be there at their own risk and with notice of the condition of the premises and of the method of arranging lots and shall have no claim against the Auctioneers in respect of any injury or accident which may occur from any cause whatsoever.
14. If any Purchaser shall fail to comply with the above conditions or any of them, the Auctioneers shall be at liberty to recover in full the amount of the purchase money of the lot or lots bought by such Purchaser together with all interest, costs, charges and expenses, without reference to any delivery or acceptance of the lot or lots, other than the first delivery by the fall of the hammer, or to resell any lot or lots bought by such Purchasers, either by public or private sale, and the full amount of the purchase money at the present sale, or the deficiency (if any) arising from the second sale, together with all interest, costs, charges and expenses, shall be made good by the defaulter and be recoverable as and for liquidated damages.
